The Progress of Medical Chemistry Comprising Its Application to Physiology

By United States. Government

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 36 pages. Original publisher: Washington, D. C. : U. S. Government Accountability Office, 2004 OCLC Number: (OCoLC)56472046 Subject: Medicaid fraud - Prevention. Excerpt: . . . Nevada officials reported that certain types of providers located in the state - including dentists, DME suppliers, and home health agencies - are permitted to enroll for only a 1-year period and must reapply each year to continue billing Medicaid. Out-of-state providers are limited to a 3-month enrollment period and must reapply to continue to bill the Nevada program. Wisconsin officials reported that the state requires nonemergency transportation providers to reenroll annually, while all other types of providers must submit new enrollment applications every 3 years. Many states deter fraud, abuse, and error by using advanced technologies Some States Have and keeping their provider rolls up to date. States seek to enhance Strengthened Controls program integrity activities by investing in information technologies that to Avoid Paying enable them to preauthorize services and improve their data processing Inappropriate Claims capabilities. They also contract with companies that specialize in claims and utilization review - analyses of claims to identify aberrant billing patterns - to...

Reviews

Merely no phrases to describe. It really is rally intriguing through reading time. I am happy to tell you that this is basically the greatest book i have go through in my own lifestyle and might be he greatest book for ever.

-- **Kattie Wunsch**

It in just one of the most popular ebook. It usually fails to price an excessive amount of. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).
