First Science Library: On the Move: 15 Easy-to-follow Experiments for Learning Fun. Find out About Things That Go - Including You!

By Wendy Madgwick

Anness Publishing. Hardback. Book Condition: new. BRAND NEW, First Science Library: On the Move: 15 Easy-to-follow Experiments for Learning Fun. Find out About Things That Go - Including You!, Wendy Madgwick, This title features 15 easy-to-follow experiments for learning fun. You can find out about things that go - including you! You can test the power of gravity, make a pulley, construct your own water wheel, and much more. Lively photographs and illustrations show children carrying out the practical projects in simple stages, making learning accessible and fun. A detailed glossary explains all the science terms used. It is perfect for home or school use by 5- to 7-year-olds. It includes safety instructions for children and guidance notes for grown-ups. Why is ice slippery? What are gears? How do running shoes help you to sprint faster? How do you keep your balance? What is wind power? All of these questions and many others are answered in this exciting book, which explores the different aspects of forces and movement. Use pulling and pushing power to move toy trucks, make a lever, and use sandpaper to demonstrate friction. This book introduces younger readers to science in a structured but interesting way. Fun...
