

Interstellar Magnetic Fields

By Beck, Rainer / Gräve, Roland

Book Condition: New. Publisher/Verlag: Springer, Berlin | Observation and Theory Proceedings of a Workshop, Held at Schloß Ringberg, Tegernsee, September 8-12, 1986 | Proceedings of a Workshop, Held at Schloß Ringberg, September 8-12, 1986 | The subject of interstellar magnetic fields is of increasing interest to both observational and theoretical astronomers. Consequently, it was opportune for both groups to convene and discuss the current state of research and future prospects. For this purpose, the Max-Planck-Gesellschaft zur Förderung der Wissenschaften e.V. generously provided its unique conference centre Schloß Ringberg. The scientific organising committee consisted of Profs. W. Hillebrandt (Max-Planck-Institut für Physik und Astrophysik, München) and R. Wielebinski (Max-Planck-Institut für Radioastronomie, Bonn). The local organising committee comprised Gabriele Breuer (conference secretary) and the Editors. These proceedings summarise the lectures and short contributions presented at the workshop. Although extremely productive, the discussions could not, unfortunately, be included. We thank the staff of the castle, and especially its administrator, Mr. Hormann, for providing the excellent environment conducive to smooth running of the conference. We acknowledge the Max-Planck-Gesellschaft for its support in financing the workshop. Thanks are also due to all participants for their enthusiasm and (generally!) prompt submission of manuscripts....

Reviews

It is one of my personal favorite books. This is certainly for anyone who states there had not been a worth studying. I found out this ebook from my friend and dad advised this pdf to learn.

-- **Delphine Lebsack**

The ebook is easy to go through easier to recognize. We have studied and I am certain that I will plan to read through once again in the future. I am quickly going to get a pleasure of studying a composed publication.
