Routledge. Paperback. Book Condition: New. Paperback. 304 pages. Dimensions: 9.1in. x 6.2in. x 0.7in. Beginning with an analysis of the complex relationship between fascism and the post-war extreme right, the book discusses both contemporary parties and the cultural and intellectual influences of the European New Right as well as patterns of socialization and mobilization. It then analyses the effects of a range of factors on the ideological development of right-wing extremism including anti-Semitism, Islamophobia, religious extremism and the approach towards Europe (and the European Union). The final sections investigate a number of activist manifestations of the extreme right from youth participation and the white power music scene to transnational rallies, the Internet and football hooliganism. In the process, the book questions the notion that the contemporary extreme right is either completely novel or fully populist in character. Drawing together a wide range of contributors, this is essential reading for all those with an interest in contemporary extremism and fascism. The book is a companion volume to Mapping the Extreme Right (Routledge, 2012) which has the same editors. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
