By Otis Gardner

Createspace, United States, 2011. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.If you're one of the millions of folks who occasionally visit casinos who consider their lost gambling money a necessary price to pay for many hours at the gaming tables, this book's for you! It's simple, to the point, and based upon clear logic. It took some years but the author finally figured out how to bend money away from the casino and into his pocket. It isn't a get rich roadmap, but rather targeted to those of us who are very modest gamblers and are more interested in winning a little bit of money to help pay for our vacations. It's small enough to read on the plane while you're flying to Vegas or Tunica or Atlantic City. If you do what I tell you to do, the benefit of this little book will be immediate and (depending upon your normal track record) even impressive.
